ALUNA is a documentary film sequel to the BBC documentary “From the Heart of the World: The Elder Brother's Warning” (1990). The first documentary showed the Kogi, an ancient lost civilization (the Elder Brother), who emerge to offer their concern for people of the modern world (Younger Brother). This documentary by director Alan Ereira brings the desperate plea from the Kogi Mamas of the Sierra Nevada of Santa Marta, Colombia, to the rest of humanity. (Length:90 min)

This movie gives us the immense opportunity to hear the critical message not only from the Kogi Mamas but from ALUNA, meaning our Great Mother. ALUNA the movie is for people who are concerned about the critical status of the world & that want to recover consciousness of their spiritual BEING & help protect the energetic integrity of nature. Movie will be presented by Regine Veraguas & followed by an intro to the “Holistic Wise Ways”. Original Living Wisdom bestowed to her over the last 10 years of apprenticeship in intensive workshops with her Spiritual Mentor, an ordained Kogi Mama. This intro is intended for those interested in walking lightly & harmoniously on our precious Earth.

Presenter: Regine Veraguas, Holistic Educator & Practitioner
